To my wife Francine, my daughters Michelle and Lisa, my grandson, Kenny and to the special four-legged friends who have been a major part of our lives: BooBoo, Jessie, HoneyBear, Gary and Rambo

This book would not have been possible without their patience, help, and encouragement.

I love you all!

About the Author

Michael Aloï is a singer/songwriter from Westchester County, NY. He has dedicated a large portion of his life to working with children with special needs. His belief in the therapeutic power of music has led him on a path to thousands of concerts for children in hospitals and special needs facilities over the past 25 years.

He also recently started a non-profit, called Songs for Smiles, to get other musicians to work with children across the country. Running a close second to his family is his love of animals.

He is so excited to now bring his creative talents to children's books. His first book, "Charlie and Chuck: The story of how a boy and his dog help save the world" brings to life his love of children and dogs and hopes that it inspires others to experience the joy of having a pet. That book is now a best seller on Amazon. A musical based on the book is now in production.

His love for dogs and the adventures of his own current four-legged friends Honeybear and Rambo has led to his new book series – Nosey McNosey. Look for other Nosey McNosey Books in the near future as he continues to solve exciting family mysteries!

This is a work of fiction. Names, characters, places, and incidents either are the product of the author's imagination or are used fictitiously. Any resemblance to actual persons, living or dead, events, or locales is entirely coincidental.
